July 15, 2009

The 10th Annual Open Net Ice Hockey Tournament, benefiting charities that address health-related issues and disabilities affecting children, is scheduled this year for Saturday, September 12, 2009, at The Pond in Newark. The Open Net committee is pleased to report that last year's event was an outstanding success, netting more than \$8,000. Events for this year will include an 8-team adult tournament, a youth Allstar Game and a silent auction featuring a wide range of gifts, household items, and sports memorabilia. This all-day event concludes with the championship game for the Open Net Trophy.

At our 2nd Annual Family Night Skate & Dine in April we presented representatives from A. I. DuPont Hospital for Children with a check in the amount of \$10,000 to help fund the Hospital's Juvenile Arthritis research efforts. In addition, we contributed to the American Lung Association, which helps children learn how to adapt to living with asthma and to Kinfolk, which focuses its efforts on children who experience extended hospital and homebound stays due to a long-term illness.

We are contacting you at this time to request your support for our hockey tournament. You can support the event by entering a team and/or joining us as a Corporate Sponsor. By sponsoring the event, your company has an opportunity to help the Open Net Foundation make a difference in our community. Enclosed you will find a sponsorship commitment form detailing the types of sponsorships available. In order to be eligible for all the benefits of sponsorship we need your commitment by Wednesday, August 31, 2009.

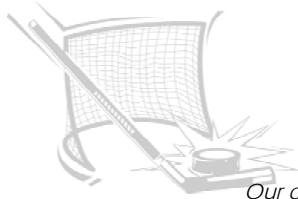

For additional information, please feel free to contact the members listed below or visit our website at www.opennetfoundation.org.

Sincerely,

Richard R. Roux
Founder & President

At the Open Net Foundation's 1st Annual Family Night Skate & Dine, board members present to the distinguished guests from A. I. DuPont Hospital for Children a check for \$10,000 to aid in juvenile arthritis research...with a little help, of course, from the University of Delaware's YouDee!
